Re: 2011 Certification of Rate Comparability Review for Non-Rural Carriers Service in Rural Areas in Mississippi – Docket 96-45

Dear Ms. Dortch and Ms. Majcher:

Pursuant to Section 54.316 of the Federal Communications Commission's ("FCC") rules, the Mississippi Public Service Commission has reviewed the comparability of residential rates in rural areas of the State of Mississippi served by non-rural incumbent local exchange carriers ("ILECs") to urban rates nationwide for the year 2011.

The Mississippi Public Service Commission has determined that the rates charged by BellSouth Telecommunications, Inc. d/b/a AT&T Mississippi ("AT&T Mississippi"), the State's sole ILEC, in the rural areas of the state fall within the safe harbor provisions of the FCC's rules. The nationwide urban benchmark for rates in effect on July 1, 2011, is \$36.52. As demonstrated on Exhibit "A" of this filing, AT&T Mississippi's rates applicable to Montgomery County fall well below this benchmark.
